Subject: RE: Columbia Falls Aluminum Plant records

Hi Andrea – I just checked on these; the paper documents have been scanned and the PDFs are available in SEMS; the two documents on the CD are still being imaged, but should be available in an hour or so.

Best,
Marcus

Hi Andrea – this is just to let you know that the documents you gave Donna a little while ago have been entered in SEMS as SDMS #1719917-1719921. They're being quality checked right now and then will go to imaging. (The PDFs may not appear in SEMS until tomorrow morning.) As soon as the PDFs are available, I'll submit a request to have these records burned to a CD. It should be ready sometime tomorrow morning, and I'll let you know as soon as it is.

Best wishes,
Marcus
